

## **Industrial Wastewater Treatment & Reuse**

<b>Chapter</b>	<b>Title</b>	<b>Page No.</b>
1	Characteristics, Standards, and Disposal	14
2	Common Effluent Treatment, Recycle, and Reuse	35
3	Equalization, Neutralization, and Flotation	65
4	Stabilization Ponds and Oxidation Ponds	98
5	Anaerobic Treatment Processes	137
6	Treatment of Wastes from Specific Industries	176
7	Biological Treatment Systems – Suspended and Attached Growth Processes	214
8	Physico-Chemical Treatment Processes	259
9	Sludge Handling and Management	294
